Professional Experience

Kode Klan Pvt. Ltd.

December 2024 – Present

Software Engineer

Noida, Uttar Pradesh

- Developed full-stack POS and CRM system along with an E-Commerce website for restaurants using React.js, Node.js, and MongoDB with real-time order tracking, and thermal printer integration.
- Built React Native mobile task management app with Socket.io notifications, SQLite, and JWT authentication, improving user productivity by 40%
- Led development of flights and packages booking platform with real-time pricing engine, and PayU Hosted payment integration
- Architected Redux-based e-commerce dashboard with real-time notifications, role-based access control, and responsive UI using Tailwind CSS

Projects

Inventory management CRM

March 2025 - May 2025

- Built with React.js, Node.js, and MongoDB for complete product, brand, and category management
- Implemented JWT auth and role-based access control for secure user access
- Managed app state using Redux Toolkit and React Context API
- Designed responsive UI with Tailwind CSS, optimized for all devices
- Deployed with environment-based config for production readiness

Furniture Ecommerce Store

Dec 2023 - Jan 2024

- Developed a responsive e-commerce frontend using React.js and Styled Components with a clean, modular UI design
- Managed global application state using React Context API to handle cart, filters, sorting, and user sessions
- Implemented secure Stripe integration for seamless online payment processing and checkout functionality
- Built product listing pages with dynamic category filtering and sorting based on price and name
- Designed a scalable, component-driven architecture to ensure performance and code reusability across the application

Leadership and Extracurricular Activities

- Event Coordinator: Successfully organized dance and art competitions during the annual college fest, demonstrating leadership, planning, and coordination skills with over 500 participants
- Cross-functional Team Leader: Managed diverse teams of artists, performers, and volunteers, enhancing collaboration and communication across various event activities
- Dance Society Coordinator: Core member of college dance society "VERGE", leading rehearsals, performances, workshops, and cultural events while developing strong organizational and team-building abilities
